The family finding section of Pennsylvania's Act 14 of 2019 (formerly Act 55 of 2013) ensures that family finding occurs on an ongoing basis for all children entering the child welfare system. The law is also intended to promote the use of kinship care when it is necessary to remove a child from the child's home in an effort to: (1) identify and build positive connections between the child and the child's kin; (2) support the engagement of relatives and kin in children and youth social service planning and delivery; (3) create a network of extended family support to assist in remedying the concerns that led the child to be involved with the county agency.

Pa.R.J.C.P. 1149 requires the court to inquire as to the efforts made by the county agency to comply with family finding requirements and place its determinations on the record as to whether the county agency has reasonably engaged in family finding. Family finding may be discontinued only if, after a hearing the court has made that specific determination. Family finding shall resume when the court determines the resuming of family finding is best suited for the safety, protection and physical, mental and moral welfare of the child; and does not pose a threat to the child's safety.
