MY EXPERIENCE OF THE SOCIETAL SYSTEM

Individual and Institutional Tool

1. How does this policy/action benefit the normalized group?
(for example: able body)

2. How long does this policy/action create an obstacle for those who are not part of the normalized group?
(for example: person with physical disability)

3. How can we change the policy/action to ensure all benefit from it?

4. How do we support this change as individuals, institutions and as a community?
