This paper argues convincingly for a comprehensive, structured approach to assist the court in complying with statutory timelines and managing the parent's addiction. The added costs of providing drug treatment and case management are offset by savings from significantly shortened stays in foster care.</p>	<p>Written by a retired San Diego judge and a City Attorney, this article provides a concise primer on managing substance abuse.</p> <p><i>To retrieve the article, use the link below:</i></p> <p>https://ocfcpacourts.us/wp-content/uploads/2021/09/1.-Effective-Management-of-Parental-Substance-Abuse-in-Dependency-Cases..pdf</p>
