

Section 9 – Neglect and Deprivation

Additional Resources

Title, Date & Author	Brief Synopsis	Additional Notes
<p>National Scientific Council on the Developing Child (2012). <i>The Science of Neglect: The Persistent Absence of Responsive Care Disrupts the Developing Brain: Working Paper No. 12</i>. Retrieved July 5, 2021, from https://46y5eh11fhgw3ve3ytpwxt9r-wpengine.netdna-ssl.com/wp-content/uploads/2012/05/The-Science-of-Neglect-The-Persistent-Absence-of-Responsive-Care-Disrupts-the-Developing-Brain.pdf</p>	<p>The report provides findings from scientific work completed by the Center of the Developing Child at Harvard University outlining the science that explains how neglect effects child development. The document addresses common misconceptions, specific policies, and promising intervention programs to treat children who have experienced neglect and other forms of maltreatment.</p>	<p><i>To retrieve the article, use the link below:</i></p> <p>https://ocfcpacourts.us/wp-content/uploads/2021/09/1.-The-Science-of-Neglect-The-Persistent-Absence-of-Responsive-Care-Disrupts-the-Developing-Brain-Working-Paper-No.-12-new.pdf</p>
<p>Child Welfare Information Gateway. (2018). <i>Acts of Omission: An overview of child neglect</i>. Retrieved November 12, 2021 from: http://www.childwelfare.gov/pubs/focus/acts/index.cfm</p>	<p>More children suffer from neglect than any other type of abuse. This article provides an overview of the topic, including societal influences (i.e., poverty, substance abuse, domestic violence), consequences, and potential interventions.</p>	<p><i>To retrieve the article, use the link below:</i></p> <p>https://ocfcpacourts.us/wp-content/uploads/2021/11/2.-Acts-of-Omission-Updated.pdf</p>
<p>US Department of Health and Human Services & DePanfilis, D. (2006). <i>Child Neglect: A guide for prevention, assessment, and intervention</i>. Retrieved November 12, 2021 from: http://www.childwelfare.gov/pubs/usermanuals/neglect/</p>	<p>This guide, a lengthy resource, identifies mild, moderate, and severe forms of neglect. The guide highlights physical, emotional, medical, educational, and environmental neglect. It further provides detailed information regarding the potential impact of neglect on a child's emotional, psychosocial, and behavioral development. It highlights risk and protective factors that influence a child's reaction to neglect and overviews principles of effective prevention/intervention (i.e., Exhibit 6.1, pg.)</p>	<p><i>To retrieve the article, use the link below:</i></p> <p>https://ocfcpacourts.us/wp-content/uploads/2021/09/3.-Child-Neglect-Guide..pdf</p>
